AWS Free Account Creation

Step 1) Create an account in AWS by using below URL.

https://portal.aws.amazon.com/billing/signup

Step 2) Once you opened the above url, it will ask the below details, give the required details, and click on Verify email address button.

Sign up for AWS

Explore Free Tier products with a new AWS account.

To learn more, visit aws.amazon.com/free.

Root user email address
Used for account recovery and some administrative functions

mithuntechnologiestrainings@gmail.com

AWS account name
Choose a name for your account. You can change this name in your account settings after you sign up.

Mithun Technologies DevOps

Verify email address

OR

Sign in to an existing AWS account

Step 3) Once you clicked on Verify email address, AWS will send one OTP to the email which we have given. Type the OTP and click on Verify button as follow.

aws

Sign up for AWS

Explore Free Tier products with a new AWS account.

To learn more, visit aws.amazon.com/free.

Confirm you are you

Making sure you are secure -- it's what we do.

We sent an email with a verification code to **mithuntechnologiestrainings@gmail.com**. (not you?)

Enter it below to confirm your email.

Verification code

424222

Verify

Resend code

Didn't get the code?
- Codes can take up to 5 minutes to arrive.
- Check your spam folder.

Step 4) Once you clicked on Verify button, AWS will validate the email which we have given and if that email id is not used for AWS account creation, it will allow you to further steps creation as follows. Give the password and click on Continue button as follows.

aws

Sign up for AWS

Explore Free Tier products with a new AWS account.

To learn more, visit aws.amazon.com/free.

Create your password

✓ It's you! Your email address has been successfully verified. ✕

Your password provides you with sign in access to AWS, so it's important we get it right.

Root user password

•••••••••••••

Confirm root user password

•••••••••••••|

Continue (step 1 of 5)

OR

Sign in to an existing AWS account

Step 5) Once you clicked on Continue button, AWS will ask the Contact information, provide necessary information, and click on Continue button.

Sign up for AWS

Free Tier offers

All AWS accounts can explore 3 different types of free offers, depending on the product used.

Always free
Never expires

12 months free
Start from initial sign-up date

Trials
Start from service activation date

Contact Information

How do you plan to use AWS?

○ Business - for your work, school, or organization

◉ Personal - for your own projects

Who should we contact about this account?

Symantec.

In this step, it will take you to the payment gateway to validate your payment information and for your credit card /debit verification, Amazon will charge the minimum price based on Country. Here I have provided India, so Amazon charged 2 INR.

devopstrainingblr@gmail.com   8

Step 7)

Phone verification: Here you will be taken to an identity verification page that will already have your phone number, so you just have to select either "Text message or Voice call" Provide a valid phone number, Solve the captcha and then click on Send SMS or Call Me Now (depending upon your selection).

Sign up for AWS

Confirm your identity

Before you can use your AWS account, you must verify your phone number. When you continue, the AWS automated system will contact you with a verification code.

How should we send you the verification code?

● Text message (SMS)

○ Voice call

Country or region code

Confirm your identity

Verify code

0501

Continue (step 4 of 5)

Having trouble? Sometimes it takes up to 10 minutes to retrieve a verification code. If it's been longer than that, return to the previous page and try again.

Step 9)
Support plan: AWS support offers a selection of plans to meet your business needs. Select your suitable plan then click continue. For free account select Basic support – free plan, as show below and click on Continue button.

Sign up for AWS

Select a support plan

Choose a support plan for your business or personal account. **Compare plans and pricing examples** ⬀. You can change your plan anytime in the AWS Management Console.

○ Basic support - Free
- Recommended for new users just getting started with AWS
- 24x7 self-service access to AWS resources
- For account and billing issues only
- Access to Personal Health Dashboard & Trusted Advisor

○ Developer support - From $29/month
- Recommended for developers experimenting with AWS
- Email access to AWS Support during business hours
- 12 (business)-hour response times

○ Business support - From $100/month
- Recommended for running production workloads on AWS
- 24x7 tech support via email, phone, and chat
- 1-hour response times
- Full set of Trusted Advisor best-practice recommendations

Need Enterprise level support?

From $15,000 a month you will receive 15-minute response times and concierge-style experience with an assigned Technical Account Manager. **Learn more** ⬀

Complete sign up

Step 10) After click on Complete signup, select My role is Student and I am interested in DevOps like below and click on Submit Button

Step 11)
Registration Confirmation page.
Once you completed all the above steps and processes. You'll get the confirmation page as below. Now your account will be processed for activation. It may take somewhere between 30 minutes to 1 hour for you to receive an email confirmation that your Amazon Cloud Services account has been activated.

Step 12) Once you click on Sign In to the Console, you will see the below screens, give the registered email id and click on Next button and give the Password and click on Sign in button.

aws

Sign in

○⊙ **Root user**
Account owner that performs tasks requiring
unrestricted access. Learn more

○ **IAM user**
User within an account that performs daily tasks.
